

## INTO ACTION

Text: 1Peter 3:15

The key to reaching Muslims is in personal evangelism, not in crusades!

1. Share the Facts, Evidences, Promises and Claims of the Gospel

But also witness through your life-style (Phanuel)

Witness through suffering (Daniel from Butajira/Ethiopia. - Are we willing to offer the other cheek?)

2. What advantages does Personal Evangelism have over the Crusade / Campaign style?

**Every day**

- any man or woman can do it
- lead them step by step closer to Jesus
- befriend, get closer to people
- natural way for follow-up

**Special event**

- special preacher needed
- You choose the message, possibly the wrong one
- creates distance
- follow-up is rather difficult

*Personal question:* Why is the crusade method so popular? Could it be pride? Big ME?

Show-business?

3. So how do I share the Gospel?

a. There is not just One method - one verse only? Use whole Bible.

b. Even so: We did it – “Door-to-door Questionnaire”

Experiences: Being close in times of need “Ishaq”

Tell a story “Greatest Fool”

Ask good questions: “on pillars of Islam”, “about their feasts”, “about Messiah (after

Ramadan), “Cleanliness”, “Mission of Jesus”, “Did you know about Jesus...” (p. 22 in RO;
